

## Intervention: Caring School Community (CSC)

Finding: Recommended by a single governmental entity

### Potential partners to undertake the intervention:

- |   |  |
|---|--|
| <input checked="" type="checkbox"/> Nonprofits or local coalitions        | <input type="checkbox"/> Businesses or labor organizations |
| <input checked="" type="checkbox"/> Schools or universities               | <input type="checkbox"/> Media                             |
| <input type="checkbox"/> Health care providers                            | <input type="checkbox"/> Local public health departments   |
| <input type="checkbox"/> State public health departments                  | <input type="checkbox"/> Policymakers                      |
| <input type="checkbox"/> Hospitals, clinics or managed care organizations | <input type="checkbox"/> Other:                            |

### Background on the intervention:

Caring School Community (CSC) is a universal family-plus-school program that aims to reduce risk and strengthen protective factors among elementary school children. The program focuses on strengthening students' "sense of community," or connection, to school.

### Findings from the systematic reviews:

The National Institute on Drug Abuse (NIDA) cites CSC as a model program. For more information about Caring School Community see the link below.
